

HOW TO HOST A neighborhood christmas cookie exchange

SEND INVITES

Mail or hand-deliver invites to at least 5 houses around you (left, right and directly across the street). Include guidelines (ex: bake at least 1 dozen cookies per house, drop off date and time, put out delivery basket/container).

RSVP'S & MAP

Ask each family to email or text their recipe 1 week before. Then make a map of the neighborhood and drop off with each participating house before the exchange.

PRINT RECIPES

Print recipes on the provided recipe cards and put together an envelope of all the recipes for each family.

BAKED, SEALED & DELIVERED

Put your basket/container on the front porch/lawn for deliveries. Ask each family to safely package, seal and deliver their cookies using the map of participating homes.

INGREDIENTS & DIRECTIONS

This image shows a full page of handwriting practice paper. It features multiple sets of horizontal dashed lines for letter height guidance, separated by solid baseline lines. A single vertical solid line runs down the center of the page to provide a midline reference. In the bottom right corner, there is a decorative illustration of a brown Christmas tree shaped like a cookie, adorned with white dots and surrounded by small brown crumbs.
